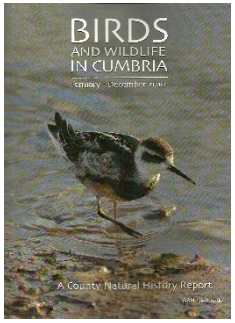
Annual Bird Report



Join CBC and receive the annual report *Birds and Wildlife in Cumbria* every year. Back issues of this County Natural History report are available.

The issue covers each bird species in detail and has sections on other flora and fauna in Cumbria, along with special reports.

Newsletters

Join CBC and receive a quarterly newsletter by email. This features club news, event details, 'champagne moments' and a round up of bird activity in the last three months, along with specially written articles.

Events

Join CBC and come along to a series of indoor meetings and outdoor activities across Cumbria, such as the annual Bird Race – *how many species can you find in a day?*

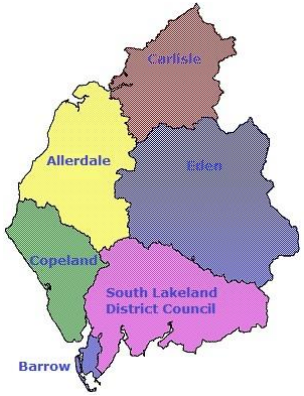
Bewick's & Whooper Swans (Keith Hamilton)

Web site

The CBC site **www.cumbriabirdclub.org.uk** has a wealth of useful and up to date information for locals and visitors alike:

- Latest sightings and photos
- Survey reports
- Previous newsletters
- Cumbria bird list
- Archive reports
- Bibliography

Surveying



We would love you to report your bird sightings and help with systematic surveys undertaken locally and nationally.

We work with the BTO, RSPB, local wildlife trusts and naturalist societies. Our team accumulates records for the annual report, while our panel verifies reports of scarce, rare or vagrant birds.

We are producing a new Cumbrian avifauna of winter and breeding birds, building on the national Bird Atlas survey.

We have recently surveyed rookeries in Cumbria to see how numbers are changing. Early results suggest the previous decline has slowed down. The full report will be published later this year.
