Name of surveyor \_\_\_\_\_ Email address \_\_\_\_\_

Tetrad reference (e.g. NY10K) \_\_\_\_\_ Tetrad location \_\_\_\_\_

Date of first visit \_\_\_\_\_ Date of Second visit \_\_\_\_\_

Apparently occupied territory *	1	2	3	4	5
Bird seen in suitable habitat (Yes/NO)					
Breeding activity seen **					
Dominant land use for this territory ***					
Comment.					

Please give a total number of territories recorded for this tetrad	
--	--

\* A territory may occupy just 60m of hedgerow extending 20m into a field. If more than 5 territories please complete a second return and mark tetrads (a) and (b) e.g. NY10K(a)

\*\* Singing male (S), active pair (P), nest building/location, carrying food (F), young birds seen (Y). Leave blank if bird simply seen but no breeding activity. Please do not search for nests.

\*\*\* Land use for this territory Rough Pasture (RP), Grazed Pasture/ Silage (P), Cereal Crop (C) or Other Crop (OC).

\*\*\*\* Please indicate if territories noted on your first visit are still active on second visit (1+2), no longer active (1+0) or only recorded on second visit (0+2) and any other relevant information.

**Cumbria Bird Club Survey** – Please return forms to organisers, Mike and Lyn Mills
